## How to Use the Map and Schedules

Find the route on the map that is nearest to where you are and where you wish to go. The bus stop locations are shown by green dots (•) along the route. Time points (those bus stops shown on the schedule) are identified by white dots on the route line.

- Select the appropriate schedule with the same color and number as the route you wish to ride.
- Find the departure location closest to where you will be boarding.
- Read down to find the time you want to leave.
- Head across to find your arrival time.

If you need to transfer to another route to reach your destination, repeat these steps for the second route.

## How to Ride

- Use the system map and the schedules included in this guide to plan your trip, or call 742-2877 for trip planning assistance.
- Arrive at the bus stop at least five minutes before your bus is scheduled to leave.
- Stand at the bus stop sign. Buses stop only at signed bus stops.
- Have your EXACT fare ready to drop in the farebox. **Drivers do not carry change or accept checks.**
- If you need to transfer to another route, **ask the driver for a transfer when you board.**
- When you are about a block from your destination, let the driver know that you want to stop by pulling the bell cord on the wall next to your seat.
- When you are ready to return home, just repeat the process.
