

## Phase 1 Environmental Assessment RFP No. 21-01

### Questions/Answers

1. Is it possible for us to review the soil vapor reports, prepared on Aug 2019, Jan 2020, and March 2020 (if we were chosen to conduct phase I)?

Yes, the Report of Findings 6035 Avondale Ave (October 9, 2019) and Report of Findings-- Additional /Soil Vapor Sampling report (May 14, 2020) can be made available to the successful firm.

2. Are there any other environmental reports or sampling results available for this address except the soil vapor sampling reports?

There was a Geotechnical Engineering Report prepared March 2, 2005, a Phase 1 Environmental Site Assessment prepared in June 23, 2005 and Health Risk Evaluation prepared August 30, 2005.
