POSITION CLASSIFICATION PLAN

3.01 MAINTENANCE OF PLAN

The Transit Manager shall be responsible for maintaining a position classification plan, which shall group all positions within the Authority into classes based upon their duties, authority, and responsibilities. The Transit Manager shall, with consent of the Board of Directors, allocate positions to the appropriate class and make revisions in the classification plan, which may consist of additions, abolishment, consolidations, divisions, or amendments to existing classes.

3.02 PURPOSE

The purpose of the position classification plan is, in effect, an occupational inventory of the positions within the Authority. It is a fundamental of personnel administration since it makes possible standardization of class titles for purposes of personnel record keeping, examining, pay administration and related personnel administration objectives.

3.03 ALLOCATION OF POSITIONS

3.03.01 New Positions. When the Transit Manager desires to establish the classification of a new position, a description of the duties and responsibilities of the position, as well as the recommended classification, shall be submitted to the Board of Directors for approval.

3.03.02 Reclassification of Positions. When the Transit Manager desires to make any permanent and substantial changes in the duties, authority, or responsibilities of a position, written notification of the proposed change shall be submitted to the Board of Directors for approval.

3.04 AMENDMENT OF PLAN

Recommendations for amendments of the classification plan may be suggested by any interested person and shall be submitted to the Transit Manager. The Transit Manager shall make classification studies of the requests or make studies on his own initiative. If the Transit Manager finds that substantial change in organization, creation or change of position, or other pertinent conditions make necessary the addition, abolishment, consolidation, division, or amendment of the classification plan, such recommendation shall be submitted to the Board of Directors.

3.05 CLASS SPECIFICATIONS

3.05.01 Content of Specifications. Each class specification shall include the class title, examples of the duties and responsibilities of the work, and a statement of the desirable qualifications a person should possess to perform the work with reasonable prospects of success.

The specifications shall not include sex designations except where sex is a bonafide occupational qualification.

3.05.02 Interpretation of Specifications. The definitions in class specifications are descriptive and not restrictive. They are intended to indicate the kinds of positions that are allocated to the several classes, as determined by duties and responsibilities, and are not to be construed as declaring what the duties or responsibilities of any position may be, or as limiting or modifying the power of the Transit Manager to assign, direct, and control the work of employees under his/her supervision. The use of a particular expression or illustration as to duties shall not be held to exclude others not mentioned that are of similar kind or quality, nor shall any specific omission necessarily mean that such factor is not included.

3.05.03 Use in Allocation. In determining the class to which any position should be allocated, the specification describing each class shall be considered as a whole. Consideration shall be given to the general duties, specific tasks, responsibilities, qualification requirements and relationship to other classes, as a composite description of the kind of employment which the class is intended to embrace.

3.05.04 Minimum Qualifications Statements. Personal qualifications commonly required of an employee in any class, such as good citizenship, honesty, loyalty, sobriety, industry, amenability to supervision and suggestions of superiors for improvement of service, and willingness to cooperate with associates, shall be implied as qualifications required for entrance to every class, even though such traits may not be specifically mentioned in the specifications. The desirable qualifications enumerated in a class specification shall relate to the reasonable standards of experience and training required at the time of original appointment of a new employee.

3.06 USE OF CLASS TITLES

The class title shall be the official title of every position allocated to the class for the purpose of personnel actions and shall be used on all payrolls, budget estimates, and official records and reports pertaining to the position. Any other working title desired and authorized to be used by the Transit Manager may be used as a designation of any position for purposes of internal administration or in contacts with the public.

SECTION 4

APPLICATION, EXAMINATIONS AND ELIGIBLE LISTS

4.01 **CONTRACTING AGENCY**

The Authority will contract with one of its member agencies (the respective cities and counties) to recruit and acquire new employees. The rules regarding the announcement, applications, examinations, scoring, eligible lists, and other related matters will be those followed by the contracting agency. In addition to these rules, eligibility may also be conditioned upon a satisfactory DMV record and credit check.

SECTION 5

The continuous service date is the date a new employee is appointed on a probationary appointment in the career service. Time spent in the exempt service as a part-time, seasonal, temporary, or limited-term employee (except promotional) shall not be included in determining an employee's continuous service date.

6.08.01 Use of Continuous Service Date

The continuous service date shall be used for determining annual leave accumulation, length of service in connection with layoff, and any other matters involving length of service, except that permanent part-time positions shall have these benefits pro-rated based on the actual number of hours worked.

6.08.02 Adjustment of Continuous Service Date

An employee who leaves Authority service for military service shall receive credit equivalent to the actual time spent for such service upon returning to Authority employment. Credit also shall be accumulated while on authorized leave with pay.

6.08.03 Restoration of Service Credit

An employee who has been re-employed following a layoff or authorized leave of absence without pay shall receive credit for previous time spent in the career service in the determination of his continuous service date.

SECTION 7

PROBATIONARY PERIOD

7.01 PURPOSE

The probationary or working test period is an integral part of the examination process and provides an opportunity to observe closely the employee's work, to secure the most effective adjustment of a new or promoted employee whose performance or personal qualifications do not meet the required standards.

7.02 DURATION

7.02.01 Original Appointment. Except as provided in this section, all original appointments to a position in the classified service shall be subject to a probationary period of one (1) year from the date of appointment.

7.02.02 Promotional Appointments. All promotional appointments shall be subject to a probationary period of one (1) year.

7.03 REPORT OF PROBATIONERS

The Appointing Power shall be responsible for preparing and submitting the required performance evaluation reports (Section 9.02).

7.04 UNSATISFACTORY PERFORMANCE DURING PROBATIONARY PERIOD

An employee who is unable or unwilling to perform the duties of the position satisfactorily or whose habits and dependability do not merit his continuance in the service may be rejected and terminated at any time during the probationary period. The Appointing Power shall have thirty (30) days following the expiration date of the probationary period to review the employee's performance and make a permanent appointment, or terminate the employee. An employee disciplined or terminated during the probationary period does not have the right of appeal or hearing.

7.05 UNSATISFACTORY PERFORMANCE FOLLOWING PROMOTION

An employee rejected during the probationary period following promotion or transfer shall be reinstated at the employee's former salary step to the employee's former position or a position in the class from which the employee was promoted or transferred unless the reason for the employee's rejection is cause for dismissal. If no vacancy exists in this class, the employee with the least amount of time in this class shall be demoted to the most recent class in which the employee has served satisfactorily. If an employee who holds regular status in the career service

is caused to be terminated by such action the employee's name shall be placed on a Reemployment List for the classification from which the employee was terminated. An employee who previously held regular status in the career service and who is dismissed during a probationary period following promotion shall retain the right to appeal the dismissal from the Authority but not the right to appeal the rejection from the position to which the employee was promoted.

7.06 FRINGE BENEFIT STATUS DURING PROBATIONARY PERIOD

This section applies only to new employees serving a probationary period. It does not apply to employees who are serving a probationary period as a result of being promoted.

7.06.01 Accrual of Leave. Annual leave benefits based upon or earned in connection with time worked shall accumulate during an employee's probationary period.

7.06.02 Annual Leave. Annual leave may be utilized during the probationary period in accordance with Section 15.

7.06.03 Health and Welfare. A probationary employee for a permanent position may enroll in the health and welfare insurance programs offered through the Authority to be effective as permitted by the Authority's insurance program.

7.06.04 Retirement Program. A probationary employee for a permanent position shall be automatically enrolled in the Authority retirement program at the time of the probationary appointment.

SECTION 8

CONDUCT, DISCIPLINE, HEARINGS, AND RESIGNATIONS

8.01 EMPLOYEE CONDUCT GENERALLY

The expected standard of conduct for all employees in the service of the Yuba-Sutter Transit Authority shall be in the public interest as opposed to individual interests. Therefore, in order to render the best possible service to the general public and to reflect credit on the Authority service, high standards of conduct are deemed essential. The tenure of every employee shall be conditioned on good behavior and satisfactory performance of duties.

8.02 IMPROPER EMPLOYEE CONDUCT

The term "improper conduct" shall mean not only any improper action by an employee in the employee's official capacity, but also any conduct by an employee not connected with the employee's official duties which brings the Authority service into discredit, or which affects the ability to perform the employee's duties officially, or any improper use of the position of an employee for personal advantage. Improper conduct shall be cause for disciplinary action. In addition, improper conduct also includes the following:

- (a) Conviction of a felony. A plea of guilty, or a conviction following a plea of nolo contendere is deemed to be a conviction.
- (b) Being under the influence of intoxicating beverages or non-prescribed narcotics while on duty.

- (j) Willful violations of these Rules or any written rules or regulations which may be prescribed by the Board of Directors or Transit Manager.
- (k) Acceptance by an employee of any bribe, gratuity, kickback, or other form of remuneration in addition to regular compensation given with an attempt to influence action, vote or opinion by an employee in the performance of his/her duties, from any source whatsoever.
- (l) Solicitation of the public, in an official capacity or as an employee of the Authority, for money, goods, or services not specifically authorized by the Board of Directors or Transit Manager.
- (m) Violation of the Safety Policy (Section 19).
- (n) Taking an active part in any political campaign during duty hours.
- (o) Violation of the Code of Ethics (Section 23).
- (p) Any action which reflects discredit on the service or is a direct hindrance to the effective performance of Authority functions.
- (q) Outside work which creates a conflict of interest with Authority work, causes discredit to Authority employment, or detracts from the efficiency of the employee in the employee's Authority work.
- (18) Excessive points on the employees DMV pull notice.

8.03 PRIOR NOTICES AND HEARINGS

Before an Appointing Power disciplines a permanent employee, or subjects any office or employee to disciplinary action for which the law mandates prior notice and an opportunity for a hearing, the employee shall be given notice of the proposed action, the reasons for the proposed action, a copy of the charges and materials upon which the proposed action is based, and the right to respond, either orally or in writing, within a specified period of not less than five (5) days. The notice shall include a statement advising the employee of the right to be represented. Allowance for temporary leave with pay may be made at the discretion of the Transit Manager. An employee who fails to respond, either orally or in writing, within the time specified in such notice shall be deemed to have waived any and all rights to appeal or otherwise contest or challenge the proposed disciplinary action. Any order imposing disciplinary action shall advise the employee of the right to appeal.

8.04 APPEALS

Unless waived for failure to respond as provided in Section 8.03 above, or for any other reason provided by law, a permanent employee who is discharged, suspended, or subjected to a disciplinary demotion or reduction in pay, or any officer or employee subjected to disciplinary action for which the law mandates an opportunity for a hearing, and who has exercised the right to respond, may appeal the action by filing a written appeal to the Board and demand for hearing with the Appointing Power within ten (10) days after the date of the order imposing, affirming or modifying the disciplinary action of the Appointing Power. The filing of a written appeal within the time prescribed by this section is jurisdictional; if it is not filed within that time, the employee shall be deemed to have waived the right to appeal or otherwise contest or challenge the disciplinary action and no proceedings shall be taken upon the appeal.

8.05 RESIGNATION

An employee wishing to leave the career service in good standing shall file with the Transit Manager a written resignation giving at least two weeks notice of intention to leave the service unless the Transit Manager consents to the employee's leaving sooner. An employee who leaves the career service without filing a written resignation as prescribed above, shall have that fact entered on the employee's personnel record and may be denied entrance to any examination for which he/she may apply in the future.

8.06 RESIGNATION UPON ABSENCE WITHOUT APPROVAL

An employee who is absent from work for more than five (5) working days without prior approval, or without notifying his/her Supervisor, shall be deemed to have resigned unless the absence was caused by an event beyond the control of the employee.

An employee deemed to have resigned under this section may appeal such separation from the service within ten (10) working days of the effective date of such separation under the provisions of Section 8.04.

8.07 EXIT INTERVIEW

Upon separation from the Authority for any reason, employees will be required to participate in an exit interview with the Transit Manager or his/her designee. The purpose of the exit interview is to assemble complete information regarding the employee's tenure with the Authority, review the reasons for his/her separation for the Authority, review the status of annual leave, health and medical insurance, and to assure that all employee obligations are cleared and verify receipt of all Authority equipment, keys, or other items. Approval to issue the employee's final paycheck will conclude the exit interview.

SECTION 9

PERFORMANCE EVALUATION

9.01 PERFORMANCE REPORTS

The Transit Manager shall maintain a system of service ratings based on standards of performance. The standards shall have reference to the quality and quantity of work done, the manner in which the service is rendered and the responsibility of employees to their duties. Employee performance reports shall be developed so that they can be used as a guide in determining disciplinary measures, layoffs, transfers, step advancements, and potential promotion. The performance report of each employee shall be reviewed with the employee by his/her Supervisor in order that improvement may be recommended if required and commendation provided when warranted. Performance reports, after filing by a confidential employee, may be examined by the employee, by the employee's Supervisor, by the Transit Manager, and by the confidential employee, but shall not be open to any other person. The original signed copy of each performance report shall be filed with the Transit Manager and a copy given to the employee.

9.02 REPORTS ON PROBATIONERS

During the probationary period of each employee, the immediate Supervisor shall investigate thoroughly the employee's adjustment, capacity and general acceptability to determine whether he/she is fully qualified for permanent status. During the probationary period one performance report shall be made during the first six months after appointment and one performance report shall be made prior to permanent appointment to the position.

9.03 REPORTS ON PERMANENT EMPLOYEES

Performance reports shall be made annually or as required by the Transit Manager for use in transfer, layoff, or for any step increase requested.

SECTION 10

LAYOFF PROCEDURE

10.01 LAYOFFS

Any career service employee may be separated without prejudice because of lack of work, curtailment of work, lack of funds, or for other just cause. Such decision to lay off employees will be determined by the Board of Directors upon the recommendation of the Transit Manager, who will recommend the department(s), classification(s), and number of positions to be deleted.

10.01.01 Policy. The Authority will make every effort to accommodate those employees who may be subject to layoff through the process of normal attrition. In the event of a reduction in work force, existing vacancies shall be used to the maximum extent possible to relocate affected employees.

10.01.02 The Authority shall notify affected employees as early as possible of any reduction in force, and shall provide a minimum of two (2) weeks notice or two (2) weeks pay in lieu of notice at the sole discretion of the Transit Manager.

10.01.03 In the event of layoff, the affected employees shall immediately receive pay for all accumulated overtime or compensatory time he/she is due, and may choose to receive payment for accumulated leave time.

10.01.04 Layoffs shall be made by specific classification, and not by classification series.

10.01.05 Employees will not continue to accumulate seniority, annual leave or any other service related benefits during the period they are laid off, but will retain only seniority benefits accumulated to the day of layoff.

10.01.06 Layoffs by Least Seniority. Within a given class, employees will be laid off based upon seniority; employees with the least seniority shall be laid off first.

10.01.07 Seniority Defined. For the purpose of layoffs and the establishment of reemployment lists, seniority shall be determined by continuous service with the affected classification, as calculated to the effective date of the layoff. Seniority shall be lost in the event of resignation, discharge, retirement, or layoff for a period of more than two (2) years.

10.01.08 Layoff Priority. The layoff priority of employment categories shall be as follows:

- (a) Casual and seasonal temporary
- (b) Temporary part time
- (c) Limited time

- (d) Probationary employees
- (e) Regular part-time employees
- (f) Permanent regular employee

Exceptions to this layoff priority may be determined by the Transit Manager for extraordinary circumstances or for positions funded by grants from other governmental or private organizations.

10.02 ALTERNATIVES TO LAYOFF

In the event of a layoff, an employee so affected may elect to:

10.02.01 Accept a vacant position in the lateral or lower class for which the employee is qualified, provided that the employee has the highest seniority of those requesting to fill the vacant position and the Appointing Power for the position approves the appointment; or

10.02.02 Accept a position in a lateral or lower class in which the employee has previously served, or a position in a lateral or lower class within the same series containing the class from which the employee is being laid off, provided that he/she is qualified and is more senior than the least senior employee in such lateral or lower class and the Appointing Power for the position approves the appointment.

10.02.03 If this action creates a "bumping down" situation, this process will be repeated in the next classification level where an employee "bumps in" and creates an overage in that classification. When the "bumping" reaches the lowest classification in the series, determination for layoff will be made by seniority only.

10.02.04 For the purpose of this section, "qualified" means: the employee is physically able to perform the required duties, and meets the minimum qualifications of education, experience, training, and the physical standards of the position.

10.02.05 Departments other than the one in which the layoff occurred are not obligated to accept the laid off employee.

10.02.06 Employees that accept a position in a lateral or lower class shall retain the same anniversary date as in their previous position. A position in a lateral class shall mean a position in a class with the same salary range. A lower class shall mean a class with a lower salary range.

10.02.07 In no case shall an employee subject to an impending layoff be transferred to a position in a higher range, unless his/her name is on the appropriate eligible list in accordance with these Rules.

10.03 REEMPLOYMENT LISTS

10.03.01 For each class where there are permanent employees who have been laid off through no fault or delinquency on their part and persons who have resigned in good standing there shall be established a reemployment list containing the names of such employees.

10.03.02 Provided his/her overall efficiency has been satisfactory, any permanent employee in the classified service who is laid off because of temporary or permanent abolishment of the employee's position shall have his/her name automatically placed on the reemployment list for the class from which the employee has been laid off.

10.03.03 Any permanent employee in the classified service who resigns in good standing may make application for reinstatement within one (1) year after the date of resignation. Such employee will be placed on a reemployment list for the class of position from which he/she resigned. Such application must be made within one (1) year after the effective date of resignation.

10.03.04 The names of persons laid off shall precede the names of persons granted reemployment privileges after resignation. The names of persons requesting reemployment after resignation shall be placed on the appropriate eligible list in the order of date of application for employment.

10.03.05 The names of any person laid off shall continue on the appropriate reemployment list for a period of two (2) years after it is placed thereon. Names of all other eligibles requesting reemployment shall be automatically removed from said list at the expiration of one (1) year, unless extended by the Board of Directors.

10.04 DETAILED PROCEDURE OF LAY-OFF REINSTATEMENT

10.04.01 The names of such persons laid off in accordance with the provisions of Section 10.01 of these Personnel Rules shall be placed upon a reemployment list in inverse order of seniority, i.e., the person with the greatest seniority on the reemployment list for the classes affected shall be offered reinstatement when a vacancy exists in the affected class. In the event the person refuses the offer of reinstatement, such person's name shall be removed from the reemployment list.

10.04.02 In the event an employee accepts reinstatement to a lower class to which he is entitled, such person's name shall remain on the reemployment list for reinstatement to a lateral class provided such person, except for lack of seniority, would have been otherwise entitled to such lateral class at the time of the most recent layoff.

10.04.03. Any person who is reinstated to a class which is the highest class to which he would have been entitled at the time of the layoff shall have his name removed from the reemployment list.

10.04.04 In the event the person on layoff cannot be contacted by the Authority through usual and customary channels within ten (10) working days such person's name shall be removed from the reemployment list, providing, however, that such person within the two year period specified herein may request that his name be replaced on the reemployment list and such person's name may, on the sole discretion of the Transit Manager, be returned to the reemployment list.

10.04.05 In no event shall the name of any person laid off remain on a reemployment list for a period longer than two years from the effective date of such person's most recent layoff.

10.04.06 Upon reinstatement to any classification to which the employee is entitled, all benefits acquired by the employees prior to his layoff shall also be reinstated. An employee shall not receive credit for time spent on layoff in computing time for any benefit entitlement.

10.05 REINSTATEMENT FROM LAYOFF OR VOLUNTARY DEMOTION IN LIEU OF LAYOFF

10.05.01 An employee whose name is on a Reemployment List due to layoff through no fault or delinquency on the part of the employee or an employee whose name is on a Reemployment List due to acceptance of a voluntary demotion in lieu of layoff shall be reinstated to his/her former class or a comparable class without competitive examination when a position becomes vacant.

10.05.02 A medical or psychological examination may be required prior to reinstatement pursuant to Section 5.

10.05.03 Upon reinstatement, the employee shall be assigned to the appropriate range and the employee's former step for the class, and shall retain his/her former anniversary date for the purposes of merit step increases. If the employee's anniversary date occurred during the period of absence, the employee's new anniversary date shall be the first day of the next pay period following reinstatement.

SECTION 11

GRIEVANCE POLICY

11.01 POLICY

It is the policy of the Yuba-Sutter Transit Authority to provide for an orderly process whereby employees in the career service may have their problems and complaints considered as fairly and as rapidly as possible without fear of reprisal. These procedures will apply equally to group as well as individual requests. Every effort should be made to find an acceptable solution by informal means at the lowest possible level of supervision.

11.02 GRIEVANCE DEFINED

A grievance is not a complaint about formal discipline. A grievance will be considered to exist when an unresolved problem, complaint, misunderstanding, or disagreement exists; and employee or group of employees have a factual complaint relating to employment or working conditions; or an employee or group of employees believe an injustice has been done because of:

- (a) Lack of Authority policy.
- (b) A policy that is unfair.
- (c) A deviation from a policy.
- (d) Disagreement with another employee or Supervisor.
- (e) A discretionary action of the department in the application of the Rules of the Authority.
- (f) The practical consequences of a decision on wages, hours, and other terms and conditions of employment.

The grievance procedure is not to be used to effect changes in the established wage rates and fringe benefits.

11.03 PROCEDURE

Any deviation from the procedures in Levels 1 and 2 below, shall be approved in advance by the Authority and the grievant; otherwise the grievance shall have been considered abandoned by the employee and no longer subject to grievance or appeal.

11.03.01 Level 1 - Transit Manager. Any career service employee or group of career service employees having a grievance shall first discuss the grievance with the Transit Manager within ten (10) working days of the occurrence which caused the grievance. The Transit Manager shall prepare and deliver a written response to the grievant by the end of the sixth (6) working day from the date of the meeting. If the Transit Manager's answer to the grievance does not satisfactorily adjust the grievance, in the opinion of the employee(s), the employee(s) shall proceed within six (6) working days, from the date of the Transit Manager's response, to the next step in the grievance procedure.

11.03.02 Level 2 - Board of Directors. In the event the employee is not satisfied with the decision of the Transit Manager, he/she may appeal the decision to the Board of Directors within ten (10) calendar days from the date of the Transit Manager's written response.

- (a) Method of Appeal: The appeal shall be addressed to the Board of Directors and filed with the Board Secretary. The appeal shall explain in detail the matter being appealed; set forth the specific action(s) desired; list reasons for the desired action; and reasons why the Board of Directors should overrule the Transit Manager.

When an appeal has been filed, the Board Secretary shall forward it to the Board of Directors for their review along with any other appropriate information.

- (b) Findings. When an appeal has been filed, the Board of Directors shall make such investigation of the matter as they deem necessary, which, at the discretion of the Board of Directors, may include: (i) hearing, (ii) review of existing data only, or (iii) any other information gathering process appropriate.

If a hearing is held on the grievance, the Board of Directors shall cause the hearing to be recorded by electronic means, i.e., a tape recorder, provided by the Authority.

After reviewing the information gathered, the Board of Directors shall render, within thirty (30) days from the date the appeal was received by the Board Secretary its written decision on the appeal. The Board of Directors' decision concerning a grievance on all matters shall be final and shall represent the final step in the grievance procedure. The grievant, after reaching this step, shall have exhausted all administrative procedures of the Authority.

SECTION 12

THE COMPENSATION PLAN

12.01 MAINTENANCE OF PLAN

The Transit Manager shall periodically recommend for adoption by the Board of Directors a compensation plan. The compensation plan shall include for each class a minimum and maximum rate and such intermediate rates as are considered necessary or equitable. Flat rates may be used instead of salary ranges where appropriate. The rate or pay range assigned to each class shall be such as to reflect fairly the differences in the duties and responsibilities between it and other classes and shall take into account rates paid by other employers for comparable work in both public and private employment, the Authority's financial condition and policies, unusual problems of recruitment and turnover, and other relevant factors.

12.02 ADMINISTRATION OF PLAN

12.02.01 Rates of Pay. Each employee in the career service shall be paid a rate of pay within the salary range for the class in which employed.

Monthly salaries for all employees, detailed by position, range, steps, and effective date, are found in Appendix A of these Personnel Rules. (Note: The salary for the Transit Manager is not subject to ranges and steps, but is solely determined by action of the Board of Directors). Appendix A may be replaced, as necessary, from time to time.

12.02.02 Entrance Salary. An employee shall be appointed at the entrance rate for the class (Step A), except when the Appointing Power believes it is necessary to make an appointment or reinstatement above the entrance rate. Authorization for appointment above the entrance rate must be obtained from the Transit Manager for Step B, and from the Board of Directors for Steps C, D or E. In determining such requests, the Transit Manager shall give consideration to unusually high qualifications of the candidate, outstanding experience, availability of applicants, and the resulting salary relationship with other similar positions. The reemployment of employees who have been laid off through no fault of their own will normally be made at the same step the employee held at the time of layoff.

12.02.03 Merit Salary Increases. Merit salary increases are not automatic. The Transit Manager shall approve merit increases only for those employees who have demonstrated appropriate standards of work performance.

12.02.04 Eligibility for Merit Salary Increases. A new employee, promoted employee, or employee reclassified to a class having a higher salary range shall be eligible for a merit increase on the first pay period following satisfactory completion of twelve (12) months service, and thereafter shall be eligible for an additional salary increase upon satisfactory completion of

twelve (12) months of service following any merit salary adjustment until the maximum rate authorized for the class is attained. Work performance and employee conduct shall guide Supervisors in determining whether step advancements have been earned. The Transit Manager may deny or delay a merit increase until such time as the employee demonstrates appropriate standards of work performance. For a permanent employee, the Transit Manager shall give written notice in accordance with Section 8.03. A permanent employee may appeal such denial or delay in the manner prescribed in these Rules. An employee shall be eligible for a merit salary increase during any authorized and compensated leave; provided, however, that if said leave continues for more than sixty (60) consecutive working days, except for approved paid vacation or paid educational leave, the employee shall not be eligible for a merit salary increase until the first day of the month following the employee's return to work.

12.02.05 Movement to a Higher Classification. When a career service employee is promoted or reclassified to a class having a higher salary range, the employee shall be paid at the first step of the assigned range, except that if the first step is lower than the employee's current salary, the employee shall be paid at the salary step which is one step higher than the employee's current salary. If the date of the promotion or reclassification occurs on or before the 15th day of the month the new anniversary date shall be the 1st day of the month for purposes of merit pay increases. If the date of the promotion or reclassification occurs after the 15th day of the month the new anniversary date shall be the 1st day of the succeeding month for purposes of merit pay increases.

12.02.06 Working Out of Class. When an employee is temporarily assigned to work in excess of eighty (80) hours in a higher classification, the employee shall be paid at the wage rate of the classification to which the employee is temporarily assigned, at a step that is at least 5% higher than the employee's current rate, but in no event higher than the top wage rate of the temporary classification. In this context, assigned to work does not include merely filling in to cover the most important job duties of the open position, but signifies the substantial performance of the entire job. This temporary assignment must exceed eighty (80) hours, and be initiated by a personnel form approved by the Transit Manager.

12.02.07 Demotion Without Cause. An incumbent career service employee, reclassified to a lower job classification for reasons which do not reflect discredit on the employee's employment record, shall retain his/her rate of pay and anniversary date for purposes of merit pay increases; or shall be placed in the step of the lower salary schedule closest to the employee's rate of pay.

12.02.08 Demotion for Cause. An incumbent employee who is demoted for cause shall be placed in the step of the lower salary schedule that will provide a reduction in pay of not less than five (5) percent. The employee shall be given a new anniversary date for purposes of merit pay increases which will be the effective date of such demotion.

12.02.09 Transfer. When an employee is transferred from one classification to another classification having the same salary range, the employee's pay and anniversary date for merit pay increases shall remain the same.

12.03 COST OF SALARY INCREASES

The Transit Manager must certify that sufficient funds are available to cover the cost of salary increases as provided in these Rules and that no budgetary deficiency will thereby be created.

12.04 SALARY RANGE ADJUSTMENTS

Salary range adjustments shall be effective on the date specified by the Board of Directors. Salary range adjustments are to be distinguished from merit salary increases, as they are not intended to give recognition to length or quality of service. The salary rate of an employee whose salary range is adjusted will be adjusted to the same step in the revised salary range. Such adjustments will not change an employee's eligibility for merit salary increases.

12.05 PAY PERIOD

Regular compensation for all employees shall be paid on or before noon on the 5th calendar day after the conclusion of the preceding month. If the 5th day falls on a weekend or holiday, the pay day shall be the final working day before that weekend or holiday.

Except as otherwise provided by law or contractual obligation, whenever an employee terminates his/her employment, a final paycheck will be prepared for the employee for all compensation earned through the date of termination. Such final paycheck will be issued to the employee on the regular payday date.

12.06 PARTIAL PAY PERIOD

Salary for employees working less than a complete schedule in a pay period shall be computed at the hourly rate of pay for the appropriate classification. Holidays shall be considered as work days, providing the employee is on the payroll the work day before and the work day after the holiday.

12.07 OTHER COMPENSATION

12.07.01 Unemployment Compensation. The Authority agrees to provide Unemployment Compensation coverage for its employees. Upon resignation from the Authority, the employee shall provide to the Transit Manager a statement as to the reason for their resignation. The Authority may release said information to the California Employment Development Department upon a request for information regarding an Unemployment Compensation Claim, unless specifically asked not to by the employee in writing.

12.07.02 Jury Pay. If an employee is required to report for jury duty, the Authority will continue to pay the employee his/her regular salary, with no deduction to Annual Leave, up to a total of ten (10) working days. Any compensation received for jury duty for those ten days shall be reimbursed by the employee to the Authority.

12.07.03 Car Allowance. The Transit Manager shall receive a monthly car allowance of \$300 in return for the unlimited use of his/her personal automobile for Authority business within fifty (50) highway miles of Yuba-Sutter Transit's Administrative Office. Any travel beyond this distance will be substantiated and reported by the Transit Manager, and compensated by the Authority at current IRS mileage rates.

All other employees will be compensated for use of his/her personal automobile for Authority business at the current IRS mileage rate. Employees using his or her personal automobile for Authority business must maintain minimum auto insurance of \$100,000 per person, \$300,000 per accident, and will provide proof of this coverage to the Authority.

12.07.04 Longevity Pay: The Authority will provide longevity pay for full time permanent employees (except for the Transit Manager position) under the following circumstances:

- (1) An employee shall receive a five percent (5%) adjustment above their base salary after seven (7) continuous years of full time service to the Authority if at least three (3) of those seven (7) years were at the top step of the applicable pay range within their classification (for example: Step E of the Administrative Assistant II range) while maintaining satisfactory performance evaluations;
- (2) An employee, after twelve (12) continuous years of full time service shall be receive an additional five percent (5%) adjustment above their base salary provided that at least seven (7) of those twelve (12) years were at the top step of the applicable pay range within their current classification while maintaining satisfactory performance evaluations. The maximum adjustment following twelve (12) years of continuous full time service pursuant to this Section shall be a maximum of a ten percent (10%) adjustment if the employee was eligible for a five percent (5%) adjustment after seven (7) years of continuous service as specified in paragraph 1, above. If the employee did not meet the criteria for a five percent (5%) adjustment after seven (7) years of continuous service as specified in paragraph 1 above, the maximum adjustment pursuant to this Section after twelve (12) years of continuous service shall be five percent (5%) of base salary.
- (3) An employee, after twenty (20) years of continuous full time service shall be entitled to a five percent (5%) adjustment above base salary, provided that at least

seventeen (17) of those twenty (20) years of service were at the top step of the applicable pay range within their current classification while maintaining satisfactory performance evaluations. 13.01 HOURS OF WORK - GENERAL

13.01.01 Hours of Work. The basic work schedule for all employees, except the Transit Manager, is defined as forty (40) hours, consisting of five (5) consecutive eight (8) hour days, Monday through Friday. A non-paid lunch period shall be provided near the middle of the work period. All employees will be entitled to one 15-minute break during mid-morning, and one 15-minute break during mid-afternoon.

The Transit Manager, in order to provide the best service to the public, may establish work schedules which vary employees work days and hours, as long as the basic work week is not in excess of forty (40) hours. Offices will generally be open to serve the public from 8:00 a.m. to 12:00 noon, and from 1:00 p.m. to 5:00 p.m., unless the Transit Manager has given prior approval to close the office.

13.01.02 Overtime Compensation. All employees, except the Transit Manager, are eligible for overtime compensation. Overtime work and compensation shall be approved by the Transit Manager. Compensation for overtime shall be computed and paid as follows:

- (b) Time worked on a non-work day, unless other time off is granted during the same work period; and

CTO for any overtime shall be accrued at a rate of one and one-half (1 1/2) CTO hours for each hour worked. CTO may be accumulated to a maximum of 40 hours. All overtime earned beyond this maximum shall be subject to cash payment, but the method of payment (i.e., CTO or cash) shall be approved by the Transit Manager before the work is undertaken.

Overtime shall be computed to the nearest one-quarter (1/4) hours. An employee cannot use a combination of work hours and leave time within an eight (8) hour day to create overtime for himself or herself without prior approval of the Transit Manager.

13.01.03 Tardiness Policy. At the discretion of the Transit Manager, those employees who fail to report to work fifteen (15) minutes after their normal reporting time shall have a quarter of one hour reduced from their pay for that pay period; employees who fail to report within thirty (30) minutes of their required reporting time shall have deducted one-half of one hour of pay from their pay for the pay period. Any employee who fails to report to work beyond thirty (30) minutes on one work day shall have deducted from their pay one hour of compensation and one additional hour of compensation for each hour thereafter late on any one day. Repeated tardiness shall not be tolerated or excused, and will be subject to disciplinary action.

Annual leave shall be credited on the first day of the month following the month when annual leave is earned. An employee who starts work after the first day of the month shall not begin to accrue annual leave until the first day of the month following the month in which the employee begins work.

An employee shall continue to accrue annual leave during any authorized and compensated leave; provided, however, that if said leave continues for more than sixty (60) continuous days, no annual leave shall be accrued for any time on paid leave in excess of the sixty-day period. The employee shall not accrue annual leave during any unpaid leave of absence.

15.01.01 Regular Part-time Employees. A regular part-time employee (regularly scheduled more than 20 hours per week, 1040 annual) shall accrue Annual Leave in the proportion that the employees actual hours of service bear to full-time hours of service. Such Annual Leave shall be earned for each full calendar month of part-time service based on the number of hours worked. Use of Annual Leave shall be on an hour for hour basis. A regular part-time employee who leaves or is terminated will be paid the regular hourly rate for all accrued leave as of the last day worked.

15.02 USE OF ANNUAL LEAVE

Annual Leave may be used for vacation, illness, injury, death in the family, medical and dental care, maternity, or personal business. When the employee desires to use Annual Leave for other than sudden and unforeseen illness, injury, or family emergency, such time shall be scheduled by the Transit Manager with due regard to the needs of the Authority, the desire of the employee, and the employees seniority.

Employees employed less than one year shall accrue, and may use, annual leave earned, if approved by the Transit Manager. Each employee shall have eight (8) hours deducted from his/her accrued Annual Leave for each full day of Annual Leave taken. Annual Leave may be taken in increments of not less than 30 minutes, and all time taken off shall be recorded on the employee's time sheet.

Fringe benefits which the employee received while working will continue unchanged during the use of Annual Leave.

15.03 PAYMENT FOR UNUSED LEAVE

As of November 30th of any year, an employee may carry over unused Annual Leave up to a maximum of 384 hours (48 days). Any time accumulated in excess of 384 hours shall be paid to the employee. Furthermore, during the month of November, an employee may request pay in lieu of Annual Leave. Requests for such payments shall be granted, so long as the full-time employee has at least 80 hours of earned Annual Leave credits remaining after such sale. A regular part-time employee will be required to retain a minimum of 40 hours. Pay for either of these situations will be at the employee's regular hourly rate of pay and will be paid by December 5th. The amount of this payment will be included in the employees taxable income reported to the IRS.

A permanent employee who terminates or is terminated shall be paid at his/her regular hourly rate of pay for all accrued unused Annual Leave as of the last day worked. In case of death, compensation for accrued Annual Leave shall be paid in the same manner that salary due the decedent is paid.

If the employee chooses a health care provider with a higher rate, the employee will reimburse the Authority for the difference in the rates through payroll deduction.

Employees may elect not to be covered under the PERS Health Plan. Should an employee make this election, the employee must provide to the Transit Manager proof of medical insurance through another provider. Any employee electing not to receive medical insurance will receive a \$250 medical allowance, which will be included in the employees taxable income reported to the IRS.

During the use of the long-term disability, the health insurance normally received by the employee shall continue for ninety two (92) days, beginning the date of the injury/illness, or the date of first use of the disability plan, whichever occurs first. If the employee is disabled for more than 92 days, the employee may continue his/her health coverage by paying the monthly premiums until the employee returns to work, retires, or for a period of two years, whichever occurs earlier.

A paid leave shall not be granted for a court appearance to which the employee is a party, except when the employee uses his/her annual leave.

17.02 LEAVE OF ABSENCE WITHOUT PAY

In instances where the work will not be seriously handicapped by the temporary absence of an employee, the Transit Manager may grant a leave of absence without pay not to exceed one month. Request for such leave must be in writing and must establish reasonable justification for approval of request. Such leave may be extended with approval of Board of Directors.

17.02.01 Fringe Benefits. An employee required to perform active duty with one of the above mentioned organizations for a period in excess of that for which compensation may be paid hereunder may be granted a leave of absence without pay. Military leave with pay may be granted only when an employee receives bonafide orders to active or training duty for a temporary period, and shall not be paid if the employee does not return to his/her position immediately following the expiration of the period for which the employee was ordered to duty plus reasonable travel time connected therewith. The employee shall furnish a certified copy of such order to the employee's Department Head.

18.03 MILITARY LEAVE WITHOUT PAY

An employee with regular status shall be entitled to a military leave of absence without pay during a period of service with the armed services of the United States. The employee, upon discharge under conditions other than dishonorable, may return to and re-enter a position in the same class as his/her last held position, at the salary rate prevailing for such class, within three (3) months after the termination of the employee's active service with the armed forces. Authority service shall not be deemed to be interrupted by such leave for the purpose of these Rules. An employee's status with reference to seniority, promotion, or continuance in office shall not be prejudiced by reason of absence for this purpose. An employee with a dishonorable discharge may appeal to the Board of Directors for reinstatement. The employee initiating a harassment complaint, and other persons involved have an expectation of confidentiality. If the employee desires, the investigation will, if practicable, be conducted in such a way that the person's identity will not be disclosed. When confidentiality cannot be assured, the employee will be apprised of this fact before additional proceedings commence. The Transit Manager shall correct all errors in such record within thirty (30) days after receiving from such person proof of the correct information satisfactory to the Transit Manager. If corrective information is determined to be sufficient to establish error, the Transit Manager shall so notify the person involved. No employee shall appear in an official capacity on behalf of private interests before the Authority. The employee shall not represent private interests in any action or proceeding against the interests of the Authority in any litigation to which the Authority is a party. The restriction of representation of private interests shall not apply to a matter involving the employee's personal or fiduciary interests.

No employee shall accept a retainer or compensation that is contingent upon a specific action by the Authority.

23.10 CONTRACTS WITH THE AUTHORITY

No employee shall have a financial interest in any business transaction, or contract with the Authority, or in the sale of real estate, materials, supplies, or services to the Authority, except as permitted in the conflict of interest statutes of the State of California.

23.11 DISCLOSURE OF INTEREST

Any employee who has a financial or private interest, and who participates in discussion with or gives an official opinion to the Board of Directors, concerning pending action, shall disclose to the Board of Directors or other appropriate authority the nature and extent of such interest.

23.12 POLITICAL ACTIVITY

No employee shall orally, by letter, or otherwise, solicit or participate in soliciting any assessment, subscription or contribution to any political party or political candidate during working hours on the premises of any property owned or leased by the Yuba-Sutter Transit Authority. No employee shall promise an appointment to any position with the Yuba-Sutter Transit Authority as a reward for any political activity.

23.13 APPLICABILITY OF CODE

When an employee has doubt as to the applicability of a provision of this Code to a particular situation, the employee should apply to the Authority Attorney for an advisory opinion and be guided by that opinion when given. The employee shall have the opportunity to present his/her interpretation of the facts at issue and of the applicable provisions of the Code before such advisory decision is made. This Code shall be operative in all instances covered by these provisions except when superseded by applicable statutory provision or when the application of a statutory provision is discretionary but determined to be more appropriate or desirable.

SECTION 24

MANAGEMENT RIGHTS

24.01 Except as expressly modified or restricted by a specific provision of these Rules, all statutory and inherent managerial rights, prerogatives, and functions are retained and vested exclusively in the Authority, including, but not limited to, the rights to reprimand, suspend, discharge, or otherwise discipline employees covered under these Rules for cause; to determine the number of employees to be employed; to hire employees, determine their qualifications and assign and direct their work; to promote, transfer, lay off, or recall to work employees; to set the standards of productivity and/or the services to be rendered; to maintain the efficiency of operations; to determine the personnel, methods, means, and facilities by which operations are conducted; to set the starting and quitting time and the number of hours and shifts to be worked; to use independent contractors to perform work or services; to subcontract, contract out, close down, or relocate the Authority's operations or any part thereof; to expand, reduce, alter, combine, transfer, assign or cease any job, department, operation or service; to transfer and assign employees among and between different jobs and classifications as required by the Authority's work needs; to control and regulate the use of machinery, facilities, equipment, and other property of the Authority; to introduce new or improved equipment, machinery, methods, processes or services; to adopt, implement, enforce and from time to time modify, rescind or change safety and work rules and regulations; to determine the number, location and operation of departments or divisions of the Authority; and to take whatever action is either necessary or advisable to determine, manage and fulfill the mission for the Authority and to direct the Authority's employees. The Authority's failure to exercise any right, prerogative or function hereby reserved to it, or the Authority's exercise of any such right, prerogative, or function in a particular way, shall not be considered a waiver of the Authority's right to exercise such right, prerogative, or function or preclude it from exercising the same in some other way not in conflict with the express provisions of these Rules.

Nothing in these Rules shall create a vested right. The Authority reserves the right to prospectively modify, change, amend or revoke these Rules.

SECTION 25

FEDERAL OR STATE PROGRAMS

25.01 **GRANTS**

From time to time other governmental agencies may provide grants or other forms of assistance which enable the Yuba-Sutter Transit Authority to hire additional employees. If the Authority receives such assistance or employees, and the regulations governing the grant or assistance conflict with these Rules, then the employees hired under such grant shall be governed by the conditions of the granting agency in those areas of conflict. The Transit Manager shall make such determination and shall, if there is an area of substantial conflict, report same to the Board of Directors. Nothing in these Rules shall be construed to prevent modification for the purpose of participation in Federal or State manpower programs.

SECTION 26

CONSTRUCTION

26.01 **CONSTRUCTION**

Nothing in these Rules shall be construed to deny any person or employee the rights granted by Federal and State laws.

The rights, powers and authority of the Board of Directors in all matters, including the right to maintain any legal action, shall not be modified nor restricted by these Rules.

The provisions of these Rules are not intended to conflict with the provisions of Chapter 10, division 4, Title 1 of the Government Code of the State of California. (Sections 3500, et. seq.)

26.02 **SEVERABILITY**

If any provisions of these Rules, or the application of such provisions to any person or circumstance, shall be held invalid, the remainder of these Rules, or the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.
